Process 4000 begins with step 4002. In step 4002 of the present embodiment, display characteristics of a display device are received. Step 4002 is implemented, in one embodiment, by the video device 200 shown in Figure 2A. Inputs on the display characteristics of a display device can be received either on user input lead 213 or display characteristic input 216. Display inputs can include aspect ratio input 4002a, resolution input 4002b, and/or display size input 4002c for the display device.

Following step 4002, process 4000 proceeds to step 4004.
